

Since 1945, we've supplied **Caterpillar** with these quality material handling solutions.

Quality Solutions *Designed for a variety of Caterpillar manufacturing applications.*

Full Tote Corrugated Steel Stackable Hairpin Container
The classic and most universally proven container for Caterpillar parts.

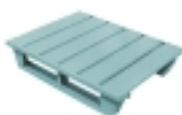

Half Tote Corrugated Steel Stackable Hairpin Container
Half the size of full tote; popular for today's JIT and Lean Manufacturing.

Jumbo Tote Corrugated Steel Stackable Hairpin Container
Extra capacity container for large parts.

Tiering Rack Open End Stackable Hairpin Design
Used for a variety of parts, long and short - blanks, pipe ...

Flat Skid Versatile and Mobile Universal Pallet
4-way forklift accessible; no environmental drawbacks from wood or plastic.

Engine Rack Returnable Shipping Rack w/Quick Release
For a variety of engine configurations w/options (3114, 3116, 3216).

Bases & Trays Transportation Racks
Used to ship pre-boxed parts and fasteners to all manufacturing operations.

Custom Designs *In the past 57 years, we've supplied Caterpillar plants all across the U.S. with hundreds of customized products - specialty racks, containers, bins, and pallets. When you have a material handling difficulty, call us at 800-795-0551. We'll recommend the best solution and offer a complete package (with any required dunnage) that will (#1) help increase your productivity and (#2) lower your process and logistics costs.*
